

DIRECT ORDER FORM & INSTRUCTIONS

HOW TO PLACE A DIRECT ORDER

- 1 Fill out the Digital Transfer Services Order Form
- 2 Submit **only one media type per order** (i.e. videotape, film or slides). If you have more than one media type, please ask for another Form.
- 3 For cine film & slides, clearly number your media in viewing order, using either the label sheet if enclosed, your own stickers or pen/pencil.
- 4 Make sure you have read the Service Policies, and have signed the form.
- 5 Remove and enclose this part of the Order Form with your media. Place your media and Form in the bag if you wish. Pack everything in a secure and protected bag or carton, and send to: **YesVideo UK Ltd. Kanti House, 17 Aintree Road, Perivale, Middlesex UB6 7LA** You may prefer to send them by Royal Mail Special Delivery or another trackable service. The carrier will charge you for this service.
- 6 If you would like your original media and your YesDVD returned to you by Royal Mail Special Delivery or another trackable delivery service, please tick the box below and enclose an additional payment of £6. Otherwise your order will be returned to you via standard second class post or other standard carrier.
- 7 Make Payment

I would like my order returned by Royal Mail Special Delivery or another trackable service at an additional cost of £6.00

Transfer your precious memories to DVD

ORDER FORM INCLUDED

powered by
YESVIDEO™

- Your precious life memories can fade and deteriorate.
- Transfer them to DVD - they can last a lifetime and be shared with your children and grandchildren.
- AND of course you can watch them on TV.

Don't let your memories fade away!

Video tapes and Cine film begin to degrade immediately, and lose quality over time; at some time there will be nothing left. Slides are difficult to organise, view and share. DVDs are a great way to archive your memories and, if stored carefully, DVDs will last a lifetime.

Your Memories are better to watch on DVD...

54 chapter points are automatically created at natural scene breaks, so you can easily jump to your favourite bits. The DVD case cover sheet features thumbnail pictures representing each chapter and a personalised DVD title. Bonus feature:

Three Music Videos containing scenes from your footage, that are fun to watch and share.

Safeguard your precious memories today and watch them on TV via your DVD Player or on your computer via your PC or Mac DVD drive.

And why not order great value extra copies for friends and family at the same time?

FREQUENTLY ASKED QUESTIONS

How long does it take to get my finished YesDVD?

Your video to DVD will be available for collection in store about 2 weeks and cine or slide to DVD about 3 weeks after you place your order. We suggest you call first before coming to collect.

What if my video recording is more than 2 hours duration?

Your video transfer charge includes two VHS tapes up to a maximum of 2 hours duration. If your order exceeds 2 hours you can choose to either end the recording at the 2 hour point or ask for us to add any additional time to a second DVD for an additional £24.99.

Do the music video highlights interfere with my original soundtrack?

Not at all. It is a separately accessed feature, completely apart from your original content.

Will my original media be returned to me?

Yes, all of your media and containers will be returned to you. Cine film will be spliced and cleaned onto larger reels.

Will my YesDVD work in all DVD Players?

YesDVD has been through extensive testing and works perfectly with the vast majority of DVD players. For computer viewing, you will need a Pentium II PC, 266MHz or higher with Windows 98/Me/NT/2000 or higher, or a Mac running OS 9.0.4 or higher.

Are there any hidden extras?

No. All the charges that you will pay are shown on the Order Form. Please fill it in carefully. Thank you.

What is Digital Scrapbook™?

Please see over the page for an answer.

What is our Quality Policy?

The quality of our YesDVD products is excellent. Please note however that the YesDVD service is a transfer service, and the quality of the original media will not normally be enhanced. Therefore the quality of your YesDVD depends very much on the quality of your original media.

Some technical information.

Our YesDVD discs are DVD-R, PAL format, Region 0 (playable in regions 1-6), containing standard DVD-V content (Mpeg 2 variable encoding at an average of 4.1 mbps), Stereo Dolby AC-3 encoded sound.

What restrictions are there?

Copyrighted videos can only be transferred with the written permission of the copyright holder. Additionally, we cannot transfer material of the following types: **Illegal content**, **Copy-Protected video tapes**, **Damaged video tapes**. Please mark clearly if you submit **NTSC** or **SECAM** videotapes.

Cine Film Reel Size Guide
